CZECHS WON'T EVACUATE

Part of the Polish Territory as Allied Commission Asked.

Warsaw, Thursday, March 13.—Notwithstanding the request of the inter-allied commission, the Czechs have refused to evacuate part of the region near Teschen, which they recently occupied, and the situation seems to be delicate. The Czechs rejected the proposals of the commission and claimed that the commission was incomplete as a result of the departure of General Grenard, a French representative, for Paris, and of Professor A. C. Cowdridge, an American delegate, for Warsaw.

As a result of the occupation of the region by the Czechs, it is said, part of the Polish miners there are out of work and that unemployment threatens to spread throughout the whole district.

NEW STATE FORMING.

German Austria Government to Have Ten Departments.

Vienna, Thursday, March 13. (By the Associated Press).—The constitution of German Austria, to be voted on to-morrow, provides for a chancellor of state and ten departmental secretaries. The departments of foreign affairs, the army, food and traffic, according to the program, will continue to function "only until union with Germany is accomplished."

The cabinet will be formed by the social democrats and Christian socialists, the German nationalists having declined places in the ministry.

SERVICE AT STANDSTILL

While Mediators Are Attempting to Settle Trolley Difficulties.

Newark, N. J., March 14.—While representatives of the Public Service Railway company and 4,000 striking motormen and conductors sought a settlement of the strike through the war labor board in Washington, service on all traction lines in northern New Jersey remained at a standstill again to-day. Both the company and the men, it was said, have agreed to submit to the board for adjudication the demands of the strikers for recognition of their union and a nine-hour day with pay for ten hours.

At the home of Rev. J. B. Reardon the marriage of Miss Anna Tassei, daughter of Mr. and Mrs. James Tassei of South Main street, to William McCarthy was solemnized Monday night at 8 o'clock. They left on the midnight train for Hartford, Conn., where they are to reside and where Mr. McCarthy is employed as an inspector of automobile machinery. Both Mr. and Mrs. McCarthy lived in Barre until about six months ago.

The wedding of Miss Sophia Rossi and Mario Bielli took place at the home of Mrs. Sylvio Comoli on Cambrai street Wednesday afternoon. City Clerk James Mackay performed the marriage ceremony. Immediately after the wedding they left for Boston where they will spend their honeymoon.

Mrs. Bielli was employed until two weeks ago at the office of the Standard Granite company of this city. Mr. Bielli will resume his trade as stonecutter upon his return to this city. Both Mr. and Mrs. Bielli are well known by the young people of Barre and left with the heartiest of congratulations from many of their friends. They will make their home on Cambrai street.

George Selina of Montpelier, who was employed by the Lane Manufacturing company in taking out some machinery at the LeClair & McNulty stonehead yesterday morning, was struck in the face by a partial blow from a sledge hammer in the hands of another workman, some of his teeth being knocked out and his face being somewhat cut. The other workman slipped as he was swinging the hammer and as he saw the danger to Selina he stopped much of the power of the blow although he was not able to deflect the course of the hammer. Selina spat out several teeth after getting onto his feet and started for his home in Montpelier, being able to go home on the electric car without assistance. It was a narrow escape from serious injury.

on motion of Senator Howland it was recommended. The bill was introduced on account of Judge F. M. Butler of Rutland, and Judge Stanley C. Wilson of Chelsea, who are on the boards of local banks.

The Senate passed the following bills: S. 54, appropriating \$3,500 for repairs on stage road between Middlesex and Moretown; S. 84, requiring exclusive use of the English language in the schools; S. 88, modifying the law in regard to the height of railroad bridges; S. 89, relating to filing rate changes with public service commission; H. 172, immunity of parties and witnesses attending court; H. 241, giving municipal and city courts jurisdiction in fence maintenance cases; H. 244, authorizing town of Fairfax to elect five school directors; H. 242, relating to service of process by special deputy.

J. R. H. 17, enabling state board of health to take advantage of U. S. aid for rural sanitation, was rejected on the ground that it was general legislation that should be properly covered by a bill rather than a resolution.

A large part of the afternoon was devoted to a committee of the whole, in which the Senate, with Senator Vilas in the chair, listened to the explanations of Thomas Bradlee of the extension department of the state agricultural college, who told of the needs of the county farm bureaus, the county agents and the domestic economics demonstrators in connection therewith. At the close of the hearing, S. 41, appropriating \$10,000 for such work, was made a special order for Tuesday, March 18.

S. 87, workmen's compensation bill, and S. 48, to provide record books for soldiers and sailors engaged in the war with Germany, were also ordered to lie pending the disposition of similar measures in the House.

BERLIN INSURRECTION PUT DOWN.

Only One Suburb Remains to Be Cleared of Spartans.

Basle, Switzerland, March 13.—The Berlin insurrection may be considered as suppressed, Gustave Noske, the minister of defense, announced in the national assembly at Weimar to-day, a German dispatch reports. Only one suburb remained to be cleared of the Spartans.

The disarmament of the population must be hastened, Herr Noske said. "It is especially the fault of certain newspapers, notably the Freiheit and the Red Flag," continued the minister, "that acts of pillage, brigandages and murder have been committed in Berlin, as they have been inciting the people for months past. The independent socialists did all they could to support these disgraceful, shameful actions. The great mass of the workmen of Berlin are honest men, but as in all great movements, impure elements seem to have crept in among the loyal, thoughtful workers. The hyenas of the revolution began to intrigue before martial law was proclaimed and before the troops had been ordered to advance on Berlin."

ON EQUAL FOOTING.

German Delegates to Peace Conference Have Same Powers.

Weimar, March 14. (By the Associated Press).—All the German delegates to the peace conference will be on an equal footing, although Count Von Brockdorff-Rantzau, the foreign minister, will be their leader. The party will not have the power to make final decisions, that being vested in the cabinet.

The selection of the peace conference delegates was reached after a long cable meeting yesterday began Wednesday and lasted far into the evening. Count Von Brockdorff-Rantzau will not be a delegate, though great pressure was brought to bear to have him named. This was partly frustrated by information received from abroad through Americans here that the choice of Count Von Brockdorff-Rantzau would probably be rejected by the entente powers. The appointment of Count Von Brockdorff-Rantzau, Dr. Edmond David and even Dr. Max Warburg was no surprise, since they had been frequently mentioned, but that of Herr Geisberg, minister of posts and telegraphs in the Prussian ministry, was unexpected.

ASK SAFE CONDUCT.

But Sinn Feiners Will Not Seek Passports from British.

Dublin, Thursday, March 13.—The Sinn Feiners are "in accordance with international custom" asking the British government for safe conduct for their delegates to the peace conference, but it is said they will not ask for passports.

MONTPELIER

New City Council Consolidates Much of the City Work.

The new city council in Montpelier made its first move towards what the members think will be more efficiency in the work of the employees of the city than has been enjoyed in past years by the consolidation of several offices and placing Benjamin B. Hayward at the head of these. John J. Glinney was elected water commissioner for another year but owing to his illness he was given a leave of absence until such time as he recovers. Mr. Hayward was elected city engineer and given supervision over the work of the water, street, sewer and sidewalk departments. The salary of this combination is practically the same as has been paid before to separate officers. E. A. Witham was retained as foreman in the street department at the same figure as he has been paid in another capacity. The engaging and discharging of help was left with the city engineer. The other officers elected at the meeting were: City attorney, G. L. Hunt; overseer of poor, F. G. Lackey; inspector of paint, Freeman Fay; fence viewers, H. S. Tabor, James F. Finn, Harrison Lombard; surveyors of wood, A. A. Emery, Lynn Brooks and Anson Miner; pound keeper, B. F. Stewart.

The matter of hiring a janitor was left with the city property committee. The supply committee was authorized to buy a Ford truck to be used in the water department and in such other city business as it is needed. The fire committee, with Chief Parsons, was authorized to sell one pair of the horses in the department and to buy a pair to replace these. A great deal of other routine business connected with the first of the year was disposed of.

The society of the wives of the members of the legislature of 1919 gave a reception in the Pavilion parlors in Montpelier Thursday afternoon to the women of Montpelier. It was attended by about 200 persons. The rooms were very appropriately decorated in a color scheme of yellow and green, palms and cut flowers being used. Those receiving the guests were Mrs. Charles S. Dana, wife of Speaker Dana; Mrs. Frances Seymour, cousin to Governor Clement, and Miss E. W. Clement, daughter of Governor Clement, and Mrs. Mason Stone, wife of Lieutenant Governor Stone. The reception was from 3 to 5 o'clock. Light refreshments were served. An orchestra from Barre furnished music.

D. F. Howe of New York, regional director of Americanization in the department of interior, and who has charge of the work in the New England states and New York, was in Montpelier last evening. He met the members of the state board of education and discussed with them the work of the coming campaign as being conducted by the schools. Vermont's school law is so broad that it can be used in co-operation to a large extent. The work of the department is more among the adults of the nation. The child born here will become Americanized by attending schools, but with those of foreign birth and who come here in advanced life it is a different problem and it is this problem with which the department is dealing to a large extent.

Montpelier high school basketball team defeated Peoples academy, 38 to 8, in a fast, clean game last night. Lamperti, who took Smith's place at forward, played the star game.

The police, upon Grand Juror John H. Stone's warrant, Thursday afternoon made raids on three places on Barre street, resulting in finding considerable liquor and three respondents being brought into city court, each of whom pleaded not guilty to the charge of illegal handling of intoxicating liquor and furnished bail for appearance in court later. The respondents are Mr. and Mrs. Eugene Casani and V. Pecheo, who is on probation at the present time. At Pecheo's place the officers found eight bottles of beer and a jug of liquor, while at Casani's they found five and one-half cases of beer, a barrel of sour wine and a keg of sweet wine, some whiskey and alcohol. Two places were raided in connection with the Casani family, their home and the store operated by the man. Chief P. J. Connelly did a little detective work Thursday morning that resulted in the raids being pulled off in daylight, while things looked right.

Miss Marjorie Jones, daughter of Mr. and Mrs. H. J. M. Jones, left last evening for New York, where she will be employed as a field worker with the Associated Charities of New York. Her training in Vassar college was for this line of social work and she goes into a field which many a young woman might well desire. It is similar to that done by the board of charities in Vermont, only on a much larger scale. Miss Jones has been employed of late in the state fuel office, which has been closed.

Prof. E. H. Ingalls of Burlington was in the city yesterday on educational matters.

Supt. S. C. Hutchinson of the local schools and Prof. E. S. Abbott of the educational department left last evening for Burlington to attend a meeting on educational matters.

Karl Forsell, who has for several years played first trumpet in the Montpelier Military band and has played with orchestral organizations in this section, is soon to leave for Glens Falls, N. Y., where he will be identified with a band and continue in the musical profession. Mr. Forsell was with Victor Hubert's band before coming to Montpelier the last time.

Rev. F. B. Leach married Burt Gitchell and Miss Ida Pearl Hill at Christ church rectory at 5 o'clock Wednesday afternoon.

E. Gomez was on the stand in county court this morning in his suit against three insurance companies for insurance on his stonemason at Northfield, the witness explaining the nature of the construction and also referring to insurance. Yesterday afternoon the court heard the evidence in the divorce case of Henry Batchelder against Lulu Batchelder.

In city court to-day, Frank Davis and George McNeany, who are known to the "tourists" as "Mutt and Jeff," were given 30 days in the county jail for second offenses of intoxication.
